

SILVERLAKE

14 September 2016

Dear Jos,

Every year since 2013 we welcome the Big to the Future Band at our Silverlake Vineyard in Pattaya. As we only want the best for our guests, we are so glad that you tour Thailand twice every year.

It is wonderful how you guys start off during dinner of our guests with a smaller setting of Big to the Future. It fits perfectly as the guests can talk with each other and listen to your smooth jazzy music. It is in perfect balance and we had many compliments for that.

As the evening continues you know as the best how to step up to more danceable music and interact with our guests perfectly.

There are not many bands like you that have such a huge music repertoire going from classic 20's to 60's to 90's all the way through to current top 40 hits. All high performance quality!

Your singer has not only a great voice, but he is a number one entertainer and has the ability to keep everyone excited.

And what to say about your horn section, they are really amazing and are for sure the cream on top of your band! Dance moves, high energy, walking through the guests in our restaurant and making music as tight as it can get, wow!

You know as the best how to interact with our guests and get them on the dance floor.....and keep them dancing until the final song. When you are on, the dance floor stays packed, amazing!

It is our privilege to have you guys here whenever possible and I have no hesitation in recommending the Big to the Future Band for any event!

Our guests love you!

Sincerely,

Dennis Dila
